

ENGLISH:

In English, we shall become familiar with Julia Donaldson as an author and will read some of her most famous stories such as The Gruffalo, Monkey Puzzle and Zog. We will use these stories to help the children sequence events, make predictions, describe characters and retell the plot in their own words. We will find out about Julia Donaldson herself using non-fiction texts and the internet. We will also be exploring rhythm and rhyme through reading and reciting poetry. Phonics will be taught daily.

MATHEMATICS:

In Maths this term, we will be counting, representing, comparing and ordering numbers, including using the comparing symbols $<$ $>$ and $=$. The children will continue to learn about the part part whole model, recording number facts as number sentences and recalling the number bonds to 10. At the end of the term we will be adding number within 10, including using number lines. They will continue to learn through our mastery approach, using a range of resources and activities inside and outside the classroom.

SCIENCE:

In Science, our topic will be 'Terrific Trees' and the children shall be identifying and naming common trees. They will explore the differences between evergreen and deciduous trees. We shall look at the basic structure of trees and find out what the different parts are for. We will use the school grounds to observe and identify the variety of trees growing there. We will learn about our key scientist Carl Linnaeus. Throughout the sessions, we will have a clear focus on the science skill of observing.

COMPUTING:

In Computing the children will continue to build upon their knowledge of online safety using 'Project Evolve.' We shall specifically be looking at self-image and identify, as well as online relationships. The children will be taught to use a range of apps on our class Ipads. These apps will reinforce and extend our learning in many areas of our curriculum. We shall use 2paint to create pictures of story characters, play phonics and maths games and complete research using the Julia Donaldson website.

SPELLING, PUNCTUATION AND GRAMMAR:

The children will learn how to write a perfect sentence with capital letters, finger spaces and full stops. They will revise the phase 2 and 3 tricky words and start learning how to spell the Year 1 common exception words.

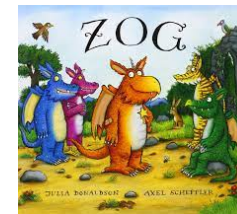

HANDWRITING:

The children will recap how to hold a pencil using a tripod grip and then learn how to form the following letters correctly:

c a o d g q s e f

We will focus on the letter c as the starting point for these letters and on producing letters of an appropriate size.

Year 1 Autumn Term 1 2024 The Wonderful World of Julia Donaldson

PSHE:

In PSHE we will start the new year by discussing why 'Rules Matter' and learning the school rules that are in place to ensure we all are safe and happy in school.

Children will have opportunities to appreciate and celebrate differences and similarities between themselves and to experience how supportive it feels to belong to, and be valued by, the class group. They will have opportunities to develop empathy for others and think of ways to support them.

ART and DESIGN & TECHNOLOGY:

In Art the children will be making colourful paintings linked to their learning about Julia Donaldson's characters. They will focus first on mixing primary colours to make secondary colours and using different brushes to get different effects. They will then learn about the sculptor Yayoi Kusama and use clay to create their own pumpkins. Throughout the half term they will have opportunities to use Design & Technology skills in classroom provision, for example designing homes for Gruffalo characters and cutting, shaping and joining materials.

PE:

The focus of our PE lessons this half term is Games and in particular throwing and catching. The children will be learning to:

- track and receive a ball
- throw underarm
- catch an object by themselves
- throw and catch an object with a partner
- bounce a ball on a spot
- throw, bounce and catch an object.

MUSIC:

In Music, we will be taking part in lots of musical activities for example singing, listening and composing, with a focus on pitch. As part of our topic we will be choosing sounds to represent the different characters in the story of the Gruffalo and composing voice chants and short musical pieces for these characters too.

RE:

This half term our focus is on Christianity. The children will find out what Christians believe, what the Bible teaches Christians about God and why Christians pray. We will visit St Mary's Church for the Harvest Festival

GEOGRAPHY: In Geography we will be looking at maps. We will start to locate places of interest to us, for example places we have been on holiday or visited and where Julia Donaldson lives. Later in the term, we will be looking at seasonal changes and weather patterns in the Autumn.

HISTORY: In History, we will learn about family trees and timelines. We will talk about what was different when our parents and grandparents were younger. We will find out about Julia Donaldson's life and in particular the toys she played with when she was young. We will compare these to
