

Early Years Thrive Parent/Carer Consent Form

Dear Parent/Carer,

Atwe want all of our children to love being alive, to want to learn and to engage with their experiences, and to have fulfilling relationships with the adults around them and their peers.

Our staff are trained in the Thrive approach to support us to achieve this for all children in our care.

Early Years Thrive is a dynamic developmental approach to working with babies and young children to promote their emotional wellbeing at the right time, to support emotional learning at key times and to support early signs of difficulties within time.

.....is/are trained to use the Thrive programme to check all children's PSE development and to ensure that individual children with any specific needs have an Action Plan in place. An individual Action Plan can be put together with your involvement and will help to meet your child's needs through simple and practical strategies that can be carried out here in the setting and at home.

I (Parent/Carer) give permission for

..... (Setting) to carry out a Thrive assessment with my child.

Date.....

I understand that the assessment will be confidential and that I can obtain the information in it at any time.
