Key questions

What is the local area around our school like? How could you describe it?

Can you name the key geographical features in our local area?

Can you sort the key geographical features into human features and physical features?

Are you able to create a map of our local area? Can you include a key?

Home Learning Suggestions

- With a grown-up, go on a local walk near where you live. What human and physical geographical features can you see? Can you draw a map to show the geographical features that you saw?
- When you visit a friend or family member, compare the area to the area near your house. What is the same? What is different?
- When you travel by car, bus or train, have a look out of the window. How many human features can you see? How many physical features can you see? I wonder if you could write a list of them all....
- Spend some time at home looking at different types of maps. Can you find a map with a key? Do you recognise any symbols in the key? Can you locate any of the symbols in the key on the map? What features do they symbols show?
